Yellow Cab Taxi Driver

Uppkar Thind

Originally from the United Kingdom and now a proud U.S. citizen, Uppkar Thind has been a New York City taxi driver for more than 25 years. Like many medallion owners, he saw the value of his once-prized taxi medallion plummet with the rise of ride-hailing services such as Uber and Lyft. The resulting financial hardship left him, along with countless fellow drivers, struggling under the weight of overwhelming debt.

After being referred to Accompany Capital by the New York Taxi Workers Alliance, Uppkar was approved in 2023 for a loan through New York City's Taxi Medallion Relief Program. Through this loan, he was able to reclaim his financial footing and is now better positioned to support himself and his family while building a more secure future.

Working in partnership with the Taxi and Limousine Commission and the New York Legal Assistance Group, Accompany Capital is proud to help drivers like Uppkar refinance high-cost medallion loans and regain financial stability while continuing to provide the essential, iconic service that keeps New York City moving.
